## PUMP THERMOS JUG WITH INNER LINING OF GLASS OR STAINLESS STEEL

Animo has a wide selection of professional thermos jugs for hot and cold drinks. The new double-walled thermos jugs with pump from Animo have an elegant design. Your drinks will remain at the right temperature and dispensing is very easy thanks to the special pump. With the supplied tags, you can easily indicate which drink you are serving. Would you like to make coffee directly in the thermos jugs? This is possible with the coffee makers from Animo. **Animo. Coffee Convenience**
